**Location:** East Maria

---

## Summary

Enthusiastic and detail-oriented software developer with over 5 years of experience in building scalable applications and deploying cloud-based solutions. Proficient in a variety of programming languages and technologies, with a strong emphasis on microservices architecture and machine learning. Passionate about leveraging data to drive business insights and improve user experiences. Seeking to contribute my expertise in a dynamic team environment.

---

## Experience

### Senior Software Engineer

#### Tech Innovators Inc., East Maria

June 2020 - Present

- Designed and implemented a **Data Analytics Dashboard** utilized by over 500 users, leading to a **30% increase** in data-driven decision-making efficiency.
- Led a team of developers in creating a **Microservices Architecture** for an e-commerce platform, improving deployment speed by **40%**.
- Collaborated with cross-functional teams to develop a **Real-time Chat System** using Kubernetes and Docker, enhancing user engagement by **25%**.

## Software Developer

### Creative Solutions Corp., East Maria

January 2018 - May 2020

- Developed a **Mobile App** for event management that received a **4.8-star rating** on app stores, contributing to a **20% increase** in user sign-ups. - Implemented a **Payment Processing System** that securely handled transactions for over **10,000 users**, ensuring compliance with industry standards.

---

## Skills

- **Machine Learning:** Advanced
  - **Kubernetes:** Expert
  - **C++:** Intermediate
  - **Java:** Advanced
  - **Microservices:** Advanced
  - **Git:** Expert
  - **Data Science:** Advanced
  - **PostgreSQL:** Expert
  - **Docker:** Beginner
- 

## Projects

- **Data Analytics Dashboard:** Developed a user-friendly interface to visualize complex datasets, enabling stakeholders to derive actionable insights quickly.
- **Mobile App:** Spearheaded the design and development of a mobile application that streamlined event management, resulting in high user satisfaction.
- **Microservices Architecture:** Architected a scalable microservices-based application, significantly reducing system downtime and improving maintainability.

- **Real-time Chat System:** Engineered a chat application that supports thousands of concurrent users with seamless performance and low latency.
  - **Payment Processing System:** Built a robust payment system that enhanced transaction security and reduced processing times by **15%**.
- 

## Certifications

- **Docker Certified Associate** (2023)
  - **Certified Kubernetes Administrator** (2022)
  - **Google Cloud Professional** (2021)
- 

## Education

### **Bachelor of Science in Computer Science**

University of East Maria

Graduated: May 2017

- Graduated with Honors, GPA: 3.8/4.0 - Relevant Coursework: Data Structures, Algorithms, Machine Learning, Cloud Computing

---
