**Location:** South Tracy

---

## Summary

Detail-oriented and passionate software developer with over 5 years of experience in designing, developing, and deploying scalable web applications. Proficient in leveraging advanced technologies such as Flask and PostgreSQL to deliver efficient solutions. Demonstrated ability to lead projects and collaborate with cross-functional teams in a fast-paced environment. Eager to contribute to innovative projects that drive business success.

---

## Experience

### Software Developer

**Tech Innovations Inc.** — South Tracy, CA

June 2019 - Present

- Developed a **Payment Processing System** that improved transaction speed by 30% using Flask and PostgreSQL, resulting in a 15% increase in customer satisfaction.
- Implemented a **Microservices Architecture** which enhanced system scalability, allowing the organization to handle a 50% increase in user traffic during peak seasons.
- Collaborated with a team of 5 developers to design a responsive **Web Application** using Vue.js, improving user engagement metrics by 20%.

## Junior Developer

**NextGen Solutions** — South Tracy, CA

January 2017 - May 2019

- Assisted in the development of multiple web applications, utilizing Flask for backend services and PostgreSQL for database management.
  - Gained hands-on experience with Docker for containerization, streamlining the deployment process and reducing server downtime by 25%.
  - Contributed to the integration of AWS services, enhancing application performance and reliability.
- 

## Skills

- **Flask:** Expert
  - **PostgreSQL:** Advanced
  - **Machine Learning:** Advanced
  - **Docker:** Intermediate
  - **AWS:** Intermediate
  - **Vue.js:** Beginner
  - **Git:** Beginner
- 

## Projects

- **Payment Processing System:** Architected a secure and efficient payment processing solution, achieving a transaction success rate of over 99.9%.
  - **Web Application:** Led the frontend development using Vue.js, resulting in a user-friendly interface that increased daily active users by 40%.
  - **Microservices Architecture:** Designed and implemented a microservices framework that reduced system outages by 50% and improved deployment frequency.
-

# Education

## **Bachelor of Science in Computer Science**

### **University of California, South Tracy**

Graduated: May 2016

- Relevant Coursework: Software Engineering, Database Systems, Machine Learning, Web Development
- 

# Certifications

- **AWS Certified Solutions Architect - Associate** (2021)
  - **Certified Flask Developer** (2020)
- 

# Interests

- Passionate about artificial intelligence and its applications in everyday life.
- Enjoys contributing to open-source projects and engaging with the developer community.
- Avid reader of technology blogs and journals to stay updated with industry trends.
