Location: North Deanna

Summary

Enthusiastic and detail-oriented software developer with over 5 years of experience in building scalable web applications and content management systems. Proficient in leveraging modern technologies to enhance user experience and streamline operations. Recognized for my ability to solve complex problems, optimize performance, and deliver high-quality software solutions. Committed to continuous learning and improvement, currently enhancing my skills in Kubernetes.

Experience

Senior Software Engineer

Tech Innovators Inc. - North Deanna

June 2020 - Present

- Led the development of a **Web Application** using **FastAPI** and **Docker**, resulting in a **30% increase** in user engagement.
- Implemented a CI/CD pipeline using **Jenkins**, which improved deployment frequency by **40%** and reduced downtime.
- Collaborated in a cross-functional team to design and deploy microservices architecture, enhancing system scalability and maintainability.
- Mentored junior developers on best practices for using **Django** and **Data Science** methodologies, fostering a culture of knowledge sharing.

Software Developer

Creative Solutions LLC - North Deanna

May 2018 - May 2020

- Developed a robust **Content Management System** that streamlined content publishing processes for clients, improving efficiency by **25%**. - Utilized **Django** for backend development, ensuring high performance and responsiveness of applications. - Engaged in data analysis projects, applying **Data Science** techniques to derive actionable insights from user data, which informed product decisions.

Skills

- **FastAPI**: Expert
 - **Data Science**: Expert
 - **Docker**: Expert
 - **Jenkins**: Expert
 - **Django**: Advanced
 - **Microservices**: Intermediate
 - **Kubernetes**: Beginner
-

Projects

Web Application

- Developed a dynamic web application for e-commerce, integrating **FastAPI** and **Docker** to enhance operational efficiency.
- Implemented features that improved user experience, leading to a **20% increase** in sales conversions within the first quarter post-launch.

Content Management System

- Spearheaded the creation of a user-friendly **Content Management System**, enabling non-technical users to manage website content effectively.

- Achieved **high user satisfaction ratings** and reduced content update time from hours to minutes.
-

Certifications

- **AWS Certified Solutions Architect**
 - **Certified Kubernetes Administrator**
-

Education

Bachelor of Science in Computer Science

North Deanna University - North Deanna

Graduated: May 2018

- Completed coursework in Software Engineering, Database Management, and Cloud Computing.
 - Participated in hackathons and coding competitions, fostering teamwork and innovation.
