

Jonathon Hill

Email: ortizdouglas@example.net

Location: Kelseyside

Summary

Innovative and results-driven programmer with over 5 years of experience in developing robust web applications and microservices. Proficient in leveraging modern frameworks and technologies to create scalable solutions. Passionate about machine learning and its application in enhancing user experiences. Adept at collaborating with cross-functional teams to deliver projects on time and within budget.

Experience

Senior Full Stack Developer

Tech Solutions Inc. - Kelseyside, UK

June 2021 - Present

- Led a team of 5 developers in the design and implementation of an **E-commerce Platform** that increased client sales by 30% within the first quarter of launch.
- Developed a **Payment Processing System** utilizing Flask and microservices architecture, resulting in a 40% reduction in transaction times.
- Integrated continuous integration/continuous deployment (CI/CD) pipelines using **Jenkins**, improving deployment efficiency by 50%.

Software Engineer

Innovative Web Services - Kelseyside, UK

July 2018 - May 2021

- Collaborated in the development of a **Web Application** that streamlined operations for a local business, reducing overhead costs by 20%.
 - Implemented **Microservices Architecture** that facilitated independent scaling of services, enhancing system performance.
 - Conducted database management using **MySQL** and began transitioning to **PostgreSQL** for improved data handling capabilities.
-

Skills

- **Vue.js**: Expert
 - **JavaScript**: Expert
 - **Angular**: Expert
 - **Flask**: Intermediate
 - **Microservices**: Advanced
 - **Jenkins**: Advanced
 - **MySQL**: Intermediate
 - **PostgreSQL**: Beginner
 - **TypeScript**: Beginner
 - **Java**: Beginner
 - **Machine Learning**: Expert
 - **React**: Beginner
-

Projects

- **E-commerce Platform**: Spearheaded the development of a full-fledged e-commerce platform using Vue.js and Flask, resulting in a user-friendly interface and a 30% increase in sales.

- **Payment Processing System:** Designed a secure payment gateway using microservices, enabling faster transaction processing and improved user satisfaction.
 - **Microservices Architecture:** Architected a scalable microservices framework for various applications, allowing for seamless integration and deployment.
 - **Web Application:** Developed a dynamic web application that improved user engagement through personalized content delivery and advanced analytics.
-

Certifications

- **Docker Certified Associate**
 - **Certified Kubernetes Administrator**
-

Education

Bachelor of Science in Computer Science

Kelseyside University - Kelseyside, UK

Graduated: May 2018

Additional Information

- Actively contributing to open-source projects to refine skills and give back to the developer community.
 - Passionate about emerging technologies and constantly seeking opportunities for professional development in areas such as artificial intelligence and cloud computing.
-
