## Summary

Dynamic and results-driven software engineer with over 5 years of experience in designing and developing scalable applications. Proficient in a multitude of programming languages and frameworks, I have a strong focus on delivering high-quality software solutions. I thrive in collaborative environments and have a proven track record of managing complex projects from inception to completion.

---

## Experience

### Software Engineer

**Tech Innovations Inc.** — South Diana, NY

March 2020 - Present

- Led the development of a **Mobile App** that increased user engagement by 30% within the first three months of launch, utilizing **Angular** for the frontend and **MongoDB** for the backend.
- Designed and implemented an **API Gateway** that improved response time by 40% by optimizing service interactions and enabling microservices architecture.
- Collaborated with cross-functional teams to establish a **Microservices Architecture**, leading to a 50% reduction in deployment time and improved system reliability.

## Junior Developer

**NextGen Solutions** — South Diana, NY

June 2018 - February 2020

- Contributed to multiple projects using **Java** and **C++**, improving application performance by 25% through code optimization and refactoring.
  - Assisted in migrating legacy systems to **AWS**, enhancing system scalability and availability.
  - Developed various **DevOps** practices that minimized downtime and streamlined the CI/CD pipeline.
- 

## Skills

- **Java:** Advanced
  - **C++:** Intermediate
  - **Angular:** Expert
  - **MongoDB:** Expert
  - **AWS:** Intermediate
  - **Go:** Expert
  - **Flask:** Beginner
  - **Kubernetes:** Expert
  - **DevOps:** Advanced
  - **PostgreSQL:** Beginner
- 

## Projects

- **Mobile App:** Developed a user-friendly application for both Android and iOS platforms, leveraging **Angular** and **MongoDB** for a seamless user experience.
- **API Gateway:** Created a robust API Gateway for microservices, enabling secure and efficient communication between services, resulting in a 40% increase in performance.

- **Microservices Architecture:** Transitioned a monolithic application to a microservices framework, enhancing scalability and reducing deployment times by 50%.
- 

## Certifications

- **Microsoft Azure Developer**
  - **AWS Certified Solutions Architect**
- 

## Education

**Bachelor of Science in Computer Science**  
**University of South Diana** — South Diana, NY  
Graduated: May 2018

---

## Additional Information

- Passionate about open-source contributions and continuously expanding technical skills.
  - Active member of the local tech community, attending workshops and meetups to stay updated on industry trends.
-
