## Summary

Results-driven software developer with over 5 years of experience in building scalable web applications and microservices. Adept in modern programming languages and cloud technologies, I have a passion for creating efficient and user-friendly software solutions. I thrive in dynamic environments and am committed to continuous learning and improvement.

---

## Experience

### Senior Software Engineer

**Tech Innovations Inc.** — Lake Barbara, CA

March 2020 - Present

- Led the development of an **E-commerce Platform** that increased client sales by 35% within the first year of launch, utilizing **Microservices architecture** to ensure scalability and reliability.
- Architected and implemented a **Real-time Chat System** using **AWS** and **JavaScript**, enhancing user engagement with an average session time increase of 40%.
- Collaborated with cross-functional teams to integrate payment gateways and third-party services, improving overall system performance and customer satisfaction.

# Software Developer

**Creative Solutions LLC** — Lake Barbara, CA

June 2017 - February 2020

- Developed a mobile application that achieved over 10,000 downloads within the first three months, focusing on user experience and interface using **Django** for backend services.
  - Participated in the migration of legacy systems to cloud-based solutions on **AWS**, resulting in a 50% reduction in server costs.
  - Contributed to the design and implementation of RESTful APIs, ensuring seamless integration with front-end frameworks.
- 

## Skills

- **JavaScript**: Advanced
  - **AWS**: Advanced
  - **Rust**: Advanced
  - **Microservices**: Expert
  - **Django**: Intermediate
- 

## Projects

- **E-commerce Platform**: Spearheaded the development of a robust e-commerce solution that supports thousands of concurrent users, leading to a significant increase in sales and customer retention.
  - **Mobile App**: Developed a feature-rich mobile application for both iOS and Android platforms, improving accessibility and user engagement through a clean and intuitive UI.
  - **Real-time Chat System**: Designed and implemented a scalable chat application using **AWS** services, allowing real-time communication for users and improving interaction rates.
-

# **Education**

## **Bachelor of Science in Computer Science**

**Lake Barbara University** — Lake Barbara, CA

Graduated: May 2017

- Relevant Coursework: Advanced Programming, Cloud Computing, Software Engineering, Database Systems
  - Dean's List: 2015, 2016
- 

# **Certifications**

- **AWS Certified Solutions Architect** — Associate
  - **Certified Kubernetes Administrator (CKA)**
  - **JavaScript Algorithms and Data Structures Certification** — freeCodeCamp
- 

# **Professional Affiliations**

- Member of the **Lake Barbara Software Developers Meetup**
  - Contributor to **Open Source Projects** on GitHub
-
