Connor Carter

Email: myersdonald@example.net
Location: Lake Maryport

Summary

Passionate and results-oriented software engineer with over 5 years of experience in web development, DevOps, and machine learning. Proven expertise in building scalable applications using modern frameworks and technologies. Adept at collaborating with cross-functional teams to deliver high-quality software solutions. Seeking to leverage my skills in Node.js and Django to contribute to innovative projects.

Experience

Full Stack Developer

Tech Innovations Inc. - Lake Maryport, FL
June 2019 - Present
- Developed and maintained a **Data Analytics Dashboard** using Django and MongoDB, improving data retrieval speed by 30%. - Led a team of 5 in building a **Real-time Chat System** that supports over 10,000 concurrent users, utilizing Node.js and WebSocket technology. - Implemented CI/CD pipelines with Jenkins, reducing deployment time by 40%.

Software Engineer

Creative Solutions Co. - Lake Maryport, FL
January 2017 - May 2019
- Collaborated on a **Payment Processing System**, ensuring PCI compliance and enhancing transaction speed by 25%. - Designed and

launched a mobile app for iOS and Android platforms, increasing user engagement by 50% within the first month of release. - Contributed to the development of microservices using Docker, which streamlined application scalability and maintenance.

Skills

- **Node.js:** Expert
- **Django:** Expert
- **Docker:** Advanced
- **DevOps:** Advanced
- **MongoDB:** Intermediate
- **Python:** Intermediate
- **Jenkins:** Intermediate
- **MySQL:** Beginner
- **Machine Learning:** Beginner
- **Flask:** Beginner

Projects

- **Data Analytics Dashboard:** Created a responsive web application that visualizes key business metrics, utilizing Django and MongoDB, resulting in a 30% improvement in decision-making efficiency for stakeholders.

- **Mobile App:** Developed a cross-platform mobile application that allows users to track personal finances, leading to a 50% increase in daily active users within the first month of launch.

- **Payment Processing System:** Engineered a secure payment solution that supports multiple payment methods, achieving a seamless user experience and a significant reduction in transaction failures.

- **Real-time Chat System:** Designed and implemented a chat application that supports real-time communication for users, handling over 10,000 concurrent connections with minimal latency.

Education

Bachelor of Science in Computer Science
University of Lake Maryport - Lake Maryport, FL
Graduated: May 2016
- Relevant coursework: Software Engineering, Database Management, Machine Learning, Web Development

---

Certifications

- **Certified Kubernetes Administrator (CKA)** - 2021
- **AWS Certified Solutions Architect – Associate** - 2020
- **Machine Learning by Stanford University (Coursera)** - 2019

Connor Carter is eager to bring his diverse skill set and experience to a forward-thinking company, where he can contribute to innovative projects and continue to grow as a developer.
