Johnny Johnson

Email: jonessherry@example.com
Location: Millerberg

Summary

Detail-oriented and innovative programmer with a passion for developing efficient solutions. Experienced in building scalable web applications and leveraging machine learning techniques to enhance user experiences. Proven ability to work collaboratively in agile teams and deliver high-quality software on time. Seeking opportunities to further develop my skills in DevOps and backend development.

Experience

Software Developer

Tech Innovations Inc. – Millerberg, CA
June 2021 – Present

- Developed a **Real-time Chat System** using Angular and Node.js, improving user engagement by 30% through seamless communication features.
- Implemented an **API Gateway** that streamlined microservices communication, reducing latency by 20% and enhancing overall system performance.
- Collaborated with cross-functional teams to gather requirements and deliver projects that align with business goals.
- Contributed to documentation and training materials to support team members and onboard new hires effectively.

Junior Developer

Creative Solutions Ltd. – Millerberg, CA
January 2020 – May 2021

- Assisted in the development of web applications using **Django** and **Python**, achieving a 25% increase in project delivery speed.
- Participated in code reviews and contributed to best practices for coding standards and quality assurance.
- Engaged in learning sessions on **Machine Learning**, applying techniques to optimize data processing tasks.

Skills

- **Angular:** Advanced
- **Machine Learning:** Advanced
- **Django:** Intermediate
- **Python:** Intermediate
- **Rust:** Intermediate
- **Node.js:** Beginner
- **Go:** Beginner
- **DevOps:** Beginner

Projects

- **Real-time Chat System:**
  Developed a fully functional chat application that supports real-time messaging and notifications. Utilized Angular for the front-end and Node.js for the backend, resulting in a high-performance user experience.

- **API Gateway:**
  Designed and implemented an API Gateway that facilitates communication between various microservices, significantly improving the architecture's efficiency and scalability.

Certifications

- **Docker Certified Associate**
  Achieved certification in 2022, demonstrating proficiency in containerization and orchestration.

- **Google Cloud Professional**
  Earned certification in 2023, validating expertise in deploying applications on Google Cloud Platform.

Education

Bachelor of Science in Computer Science
Millerberg University – Millerberg, CA
Graduated: May 2019

- Relevant Coursework: Data Structures, Algorithms, Web Development, Machine Learning
- Dean's List (2017, 2018)

Interests

In my spare time, I enjoy contributing to open-source projects, exploring emerging technologies, and participating in local hackathons. I am passionate about continuous learning and regularly engage with the tech community to share knowledge and collaborate on innovative solutions.
